ABOUT HiPCon 2024

HiPCon is a day event for Pharmacist, Clinical Pharmacist, Pharma Industries stakeholders, Distributors, Pharma Students & other Healthcare Professionals and Researchers for sharing best Healthcare practice in Pharmacy profession. With the theme of **“Changing Landscape in Pharmacy Practice towards Quality & Patient Safety.”**

The pharmacy profession has evolved from its conventional and traditional drug focused basis to an advanced patient focused basis over the years. In the past century pharmacists were more involved in compounding and manufacturing medicines, but this role has significantly reduced over time.

Key Objective

Optimize the patient's health related quality of life

Achieve positive clinical outcomes, within realistic economic expenditures.

This Conclave is to bring together multiple Pharmacy stakeholders across corporate healthcare & Clinical Pharmacy services, with the objective to create awareness & describe the broad range of **patient safety by quality of services** provided by the Pharmacist. Also ensuring **patient engagement** along with medical point-of-view for treatment care, reduce their symptoms and a low possibility of re-admitting for the same cause in a hospital **provide an unrivaled opportunity to explore the latest research, tools, and strategies in medication safety.** This year's event will also ensure attendees gain valuable insights from industry experts by Interactive sessions, providing opportunities for delegates to share doubt, gain new experiences, and develop strategies to improve patient safety.
